PREFACE

'Practical knowledge is better than that of theoretical knowledge', as far as my subject is concerned; the study tour helps the students in several ways. They will get first hand information about the culture and heritage of Karnataka in particular and India in general. As per all the students of history must have study the cultural history of our country, particularly the culture, the art & the architecture of Karnataka. Hence the students of the 6th semester, to get practical knowledge we arranged a historical study tour to Chalukyas dynasty. It is of my great pleasure to present the tour report before you.

Historically Chalukyas dynasty has unique place in Karnataka. In the olden days it was known as Vatapi. This place was surrounded by Raichur-Koppal in the east, Vijayapur in north, Belagavi in the west, Gadag in the South. As this place coming Deccan plateau, it has richly fertile land.

Badami and other places are historically important and blessed with numerous monuments of the Chalukyas dynasty just competing for a place in the list of **world heritage sites**. Badami caves and Pattadakallu temples are very famous all over the world, because firstly for its aesthetic beauty and the secondly for its caves structure, but over the time little is known to the common visitors about the other rich edifices at this place.

The study tour was conducted on 16-06-2023 when the students have got this Chance, they took complete advantage and gained much of practical knowledge and enjoyed that day.

The principal & IQAC Co-coordinator has given an opportunity and permission to visit the Historical places of Chalukyas dynasty. The Department is very much thankful to them. We are very much thankful to IQAC Coordinator and staff for guiding and co-operating to the department of History.
